

INSTRUCTIONS –INDIVIDUAL HAND-INS

For a select number of cases, you will be asked to upload written hand-ins with answers to one or several assignment questions.

The hand-ins are typically 1-2 pages containing brief analyses and answers to the assignment questions. There is no need for referencing materials such as scientific reports or journal articles, and feel free to use the format and writing style that you feel most comfortable with.

Upload your solutions under 'Assignments' in Word or PDF-format, no later than the deadline indicated in the course schedule.

Should you run into technical or other problems, don't panic. If nothing else works, you can always send in your solution to ivo.zander@fek.uu.se.
