

## **Final Poster Presentation Seminar Groups**

### **Actors and Strategies for Change**

#### **May 29th - 17:15 - 20:00**

During the seminar the group you are in for the peer review should have one person from the group in each time slot shown below. Thus, you are expected to give feedback during the time that the others are displaying and presenting their poster. You can go up to them during their time slot, ask questions, give feedback, ask for clarity if you need it on anything written in the text etc. Make sure to take some notes so that you can add any information needed to the written feedback you will send them on May 30th by 00:00 (midnight).

The Course Coordinators will go around to each of you individually during the seminar to hear about your final assignment, for you to present your poster and for them to ask you any questions they may have. This will be shortest 5 minutes and max 8 minutes. So be prepared to not only to present and discuss with your peers but also with the coordinators. You should therefore be present in front of your poster for a minimum of 20 minutes during your time slot so that others can discuss it with you. **Make sure to be at the poster when the Course Coordinators want to discuss it with you, we will follow the order of the names written in each group for this discussion time.** For the rest of the time in your time slot you are encouraged to go look at your peers' posters and discuss with them.

During the seminar when it is not your time slot we expect you to walk around and interact with the students presenting their posters outside of those you are also peer reviewing. We also encourage you to have some of your peer review time one on one during the seminar.

**Note:** Some students are unable to attend the final poster presentation seminar, however you are all still expected to communicate, share your final assignments and send each other written feedback. If you are one of the students who is unable to attend your name is still on the list below but please clearly communicate to your peers that you will not be in attendance.
